## IGOR'S INVENTION

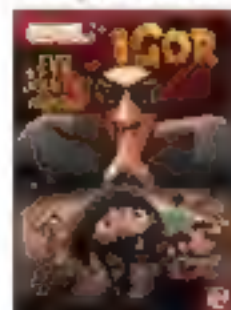

The Evil Scientist Fair is only a few days away!  
Find out what invention Igor is planning to enter.  
Hint: He wrote it down in code.

Look at each letter written below.  
Then write the letter that comes just  
before it in the alphabet on the blank  
below. Then read across the blank  
lines. You've cracked the code!

## FIRST THINGS FIRST

You need to collect some body parts and then meet Igor back at the laboratory. You need to pick up two arms, two legs, one body, and one head. If you go the right way, you'll be able to collect them all. Don't step on any brains on the way—they're squishy!
